*Our mission is to provide world class services to world class organizations.*

## Company Overview

**Bestica, Inc.** was founded in 2005 with our corporate headquarters located in San Antonio, TX. We are an 8(a) and HUBZone certified small disadvantaged business (SDB) under \$15m. Bestica has a national presence having provided solutions and expertise to government agencies and FORTUNE 500 companies

Bestica's experience in Information Technology, Information Management, Healthcare, and Administrative Support allows our clients the flexibility to use our services for a variety of needs. For over a decade, Bestica has provided both unique solutions and highly specialized expertise to you, our customers. We understand that your mission is critical. Therefore, we work with you to develop and successfully implement your mission requirements, while also saving you both time and resources.

We are committed to understanding the customer first – the mission, the concerns, the priorities and fiscal realities. We actively listen and communicate effectively with potential clients in order to completely understand their unique needs.

## PAST PERFORMANCE

**Army, Defense Health Agency, SRTSWeb** - Performs application programming and the expertise to design, develop, modify, upgrade, test, troubleshoot, implement, and sustain as required. We document and control all code changes using government-supplied software.

**Army Medical Command (MEDCOM), RsBux** - Deliver software engineering support to government developers in order to develop, modernize, sustain, integrate, and maintain current and future development requirements for intranet and mobile applications.

**Department of the Army Chief of Chaplains (DACH), Strong Bonds** - Provide administrative program management support for the U.S. Army Strong Bonds (ASB) Program by compiling annual training requirements, after-action reports, end of training surveys, tracking invoices; monitoring local program execution w/subordinate level program managers, provide analytical assistance for program process review, maintain databases, and coordinate/provide admin support for bi-monthly Strong Bonds Instructor Certification Training.

**National Guard, Georgia Army National Guard** - Deliver overall Contract Management, Administrative Management and General Management Consulting Services for the Georgia Army National Guard (GAARNG), Recruiting and Retention/G1 (R&R/G1) Mission. Various locations throughout Georgia are supported by the GAARNG Administrative R&R/G1.

**Naval Information Operations Command (NIOC)** - Project support in Information Warfare (IW), Information Operations (IO), Computer Network Operations (CNO), Tactical Cryptologic System initiatives and Maritime & Service Cryptologic Architecture development.

**USAF, Wilford Hall, Diagnostic Medical Physicist** - Bestica has a Diagnostic Medical Physicist at Wilford Hall Ambulatory Surgical Center. Having provided similar services to other AF customers, Bestica provided licensed, credentialed, and qualified providers possessing an in-depth knowledge of all formal and written guidelines.

**USAF, Wilford Hall - Endocrinology Diabetes Center of Excellence** - The project team consists of Ancillary Medical Service Providers at the Wilford Hall Ambulatory Surgical Center. Our team provides subject matter expertise supporting Healthcare Practitioners (HCPs) at nationwide Air Force Military Treatment Facilities (MTFs) that care for over 50,000 active duty AF service members, retirees, and their family members with diabetes.

**United Services Automobile Association (USAA)** - USAA is a Texas-based Fortune 500 diversified financial services company serving millions of military members and their families. Bestica supported USAA with usability and research on several projects in their Mobile and Web portfolio. Bestica helped USAA define the underlying elements in user research, analysis, requirements gathering, usability analysis, and user-centered documentation. Our team also wrote and conducted test plans for waterfall and agile usability testing.
